

Well Pet Clinic provides reduced cost Ovariohysterectomies and Castrations

DONE ON FIRST TUESDAY OF EVERY MONTH BY DROP OFF APPOINTMENT ONLY. YOU MUST INFORM THE RECEPTIONIST THAT YOU ARE SCHEDULING A WELL PET SURGERY WHEN MAKING THE APPT. AND ON ARRIVAL.

This option is offered on the first Tuesday of every month. An appointment is required ahead of time. Your pet is dropped off for the day between 7:00 & 8:15 in the AM. Please inform the receptionist that you are scheduling a well pet surgery when making the appointment. The prices below include sterile instruments, sterile gloves, injectable anesthesia and isoflurane anesthesia, intravenous access, intraoperative pain meds, surgery, suture, and a suture removal (~2 weeks later). The pet should be flea free, and be current on the required vaccinations (see below) and be known to be free of intestinal parasites and heartworms (see below). If pets are found to have fleas there may be additional costs from \$35-\$60 to clean and de-flea the pet. If verification of vaccination, heartworm negative status and/or lack of intestinal parasites is not possible, they can be done at the time of your drop off appointment. However, the well pet vaccine prices will NOT apply.

Heartworms and/or intestinal parasites increase the danger of anesthesia.

Canine Sterilization procedures:

Vaccinations need to be current for Distemper/Parvo, Bordetella, and Rabies. Testing for heartworm disease and intestinal parasites needs to be done within the last 12 months.

Female:

10-60 lbs. \$225 In heat or pregnant <30 days add 40\$

Female:

All sizes. \$85 In heat or pregnant <30 days add 35\$

Male:

All sizes. \$55

Please Note: Complications are a possibility, though not a probability, with any surgical procedure. Costs associated with any complications of a well pet surgical procedure are the responsibility of the person presenting the pet at the time of the procedure and not of Chatham Animal Hospital, its doctors, nor its staff. The hospital will be available to you from 7:30 am until 6pm Monday through Friday and 8:00 am until 12 pm on Saturday. After these hours and on weekends, concerns should be directed to Animal Emergency Clinic of Cary at 220 High House Road (919) 462-8989. Normal fees apply to any subsequent visits.
